A.B. HAWKINS: Geological materials in construction: an introduction .......... 1

Papers presented at the conference 'Geological materials in construction', Queen Mary and Westfield College, November 1989

P.G. FOOKES: Geomaterials ............................................ 3

W.J. FRENCH: Concrete petrography: a review ............................. 17

B.J. HUNT: A mechanism of marble staining .................................. 49

D.S. LEEK: The passivity of steel in concrete .................................. 55

I. SIMS: Quality and durability of stone for construction ..................... 67

R.A. FOX: The future of aggregate extraction and evaluation in Europe ........ 75

A.J. MOREY, P.F. STEVENS & M.K. SANDERS: A new system for the objective interpretation of third-party data in assessments of regional sand and gravel resources ....................................................... 77

A.B. POOLE: Rock quality in coastal engineering .................................. 85

H. WANG, J.-P. LATHAM & A.B. POOLE: Predictions of block size distribution for quarrying .................................................... 91

J.-P. LATHAM: Degradation model for rock armour in coastal engineering .... 101

A.R. CLARK & J.S. PALMER: The problem of quality control and selection of armourstone ..................................................... 119

C.G. DYKE & L. DOBEREINER: Evaluating the strength and deformability of sandstones .......................................................... 123

A.B. HAWKINS & B.J. MCCONNELL: Sandstones as geomaterials ............... 135

S. AL-JASSAR & A.B. HAWKINS: The Carboniferous Limestone of the Bristol area: a review of the influence of the lithology and chemistry on its use as a geomaterial ..................................................... 143

G. WEST: Technical Note: A note on undulatory extinction of quartz in granite .. 159

C.D. GRIBBLE: Discussion on 'Modification of the formula used in the determination of the ten per cent fines value of aggregate' ..................... 167

Book review ....................................................... 168

Abstracted and/or indexed in Current Contents, ASCA, Science Citation Index, Groundwater On-Line Geological Abstracts, Petroleum Abstracts, Geotechnical Abstracts, Geoarchive, GeoRef and GEOBASE
