THE QUARTERLY JOURNAL OF ENGINEERING GEOLOGY

Vol. 27, Part 4

November 1994

M. STEVENSON: Photographic Feature: The Franklands Village landslide ........ 289

E. N. BROMHEAD, L. COPPOLA & H. M. RENDELL: Geotechnical background to
problems of conservation of the medieval centre of Tricarico, southern Italy ... 293

D. M. FARRAR: Review of Transport Research Laboratory research on highway
drainage ........................................................... 309

D. J. GILVEAR, J. R. DAVIES & S. J. WINTERBOTTOM: Mechanisms of floodbank
failure during large flood events on the rivers Tay and Earn, Scotland .......... 319

S. N. ABDULJAUWAD: Swelling behaviour of calcareous clays from the Eastern
Province of Saudi Arabia ............................................. 333

B. INDRARATNA: Geotechnical characterization of blended coal tailings for
construction and rehabilitation work ..................................... 353

M. S. EGLINTON, I. E. HIGGINBOTTOM & G. S. PETTIFER: An unfamiliar alkali-
aggregate reaction from Trinidad ....................................... 363

J. BRONDERS: Technical Note: Hydraulic conductivity of a tropical residual soil
prone to landslides ........................................................ 375

N. R. GOULTY: Discussion on Analysis of residual subsidence movements in the UK
coalfields by X. L. Yao & D. J. Reddish ................................ 383

Book Reviews ...................................................... 385

Indexes ..................................................................... 389

Abstracted and/or indexed in Current Contents, ASCA, Science Citation Index, Groundwater On-Line Geological Abstracts, Petroleum Abstracts, Geotechnical Abstracts, Geoarchive, GeoRef and GEOBASE
