

FELLOWSHIP OF THE GEOLOGICAL SOCIETY
MEMBERSHIP OF THE ENGINEERING GROUP

There are no rigid requirements for election to Fellowship. It is usually expected that candidates shall be graduates in geology or an allied subject, or have equivalent qualifications or experience. Membership of the Engineering Group is open to all Fellows without additional charge. Enquiries concerning Fellowship of the Society together with membership of the Engineering Group should be sent to the Secretary of the Engineering Group.

Members of the Engineering Group are entitled to receive for their subscription the issues of the Quarterly Journal of Engineering Geology. On payment of an additional £1 on the annual subscription, members may obtain the Journal of the Geological Society in addition to the Quarterly Journal of Engineering Geology. Members of the Engineering Group resident overseas are entitled, on request, to receive either or both of the Journals for their annual subscription.
