THE QUARTERLY JOURNAL OF ENGINEERING GEOLOGY
Vol. 31, Part 4 November 1998

S. P. BENTLEY, M. C. R. DAVIES & M. GALLUP: The Cilfynydd flow slide of December 1939 ................................................................. 273
BO MYINT WIn, A. ARULRAJAH & V. CHOA: The hydraulic conductivity of Singapore Marine Clay at Changi ................................................... 291

Weathering of Building Stones

Papers from the Stone Weathering & Atmospheric Pollution Network (SWAPNet) conference, 1996, University of Portsmouth

R. D. WAKEFIELD & M. S. JONES: An introduction to stone colonizing microorganisms and biodeterioration of building stone .................................. 301
M. E. YOUNG & D. C. M. URQUHART: Algal growth on building sandstones: effects of chemical stone cleaning methods ........................................... 315
M. S. JONES, A. HORBURY & G. E. THOMPSON: Characterization of freshly quarried and decayed Doulting limestone ............................................. 325
S. T. TRUDGILL & H. A. VILES: Field and laboratory approaches to limestone weathering ................................................................. 333
D. MOTTERSHEAD: Coastal weathering of greenschist in dated structures, South Devon, UK ................................................................. 343
H. A. VILES & C. A. MOSES: Experimental production of weathering nanomorphologies on carbonate stone ......................................................... 347
D. P. HALSEY, D. J. MITCHELL & S. J. DEWS: Influence of climatically induced cycles in physical weathering .................................................... 359
R. B. G. WILLIAMS & D. A. ROBINSON: Weathering of sandstone by alunogen and alum salts ................................................................. 369
A. V. TURKINGTON: Cavernous weathering in sandstone: lessons to be learned from natural exposure ......................................................... 375

Indexes ................................................................. 385

Abstracted and/or indexed in Current Contents, ASCA, Science Citation Index, Groundwater On-Line Geological Abstracts, International Civil Engineering Abstracts, Petroleum Abstracts, Geotechnical Abstracts, Geoarchive, GeoRef and GEObASE
